## HOUSE AGAINST PORTLAND FAIR

Bill Appropriating \$30,000 Lewis & Clarke Exposition, Fails.

#### M'CREA'S FRANCHISE MEASURE

Out of 360 Bills Introduced, 29 Ha Been Approved by the Governor.

Members of the house were in no mood Saturday afternoon to incur expense, and as a result S. B. 42, appropriating \$30,000 for an exhibit at the Lewis & Clark exposition, was defeated on a vote of 21 to 15. The bill was brought to the front by Chairman Merrill of the committee on ways and means, who moved that the rules be suspended and the measure placed upon its final passage. The motion lost, whereupon Austin moved that the bill be placed at the head of the calendar. This motion prevailed, but before rollcall those against the measure got busy and rallied to their support a sufficient number to seal its fate. The vote

was:
Ayes—Allen, Anderson, J. A., Austin,
Carroll, Christensen, Dalley, Fishburn,
Jones, Kinney, Kuchler, Luther, Lyman, Maughan, McCrea, Merrill, Peterson, Richards, Roberts, Stewart, Tol-

son, Richards, Roberts, Stewart, Tol-ton, Hull-21.

Nays-Anderson, A. V., Cottam, Cro-mar, Curtin, Edward, Hone, Hopes, Johnson, Miller, Pace, Pancake, Sim-ons, Stringham, Thompson, Wilson-

Wilson voted "no" so as to give no-tice of a reconsideration. This he did, and the bill will likely come up again

this afternoon.

H. B. 109 by Kinney, limiting the homestead exemption to \$3,000 and requiring homesteads to be recorded as such within 90 days from the passage of the act, shared a similar fate, the bik going down to defeat after the re-cording clause had been stricken out. EGG BILL KILLED.

Wilson moved that H. B. 177, creating a capitol building fund, be reconsidered and at the request of Marks the bill was placed at the foot of the calendar. Panter's bill, requiring the marking of cold storage eggs when offered for sale, afforded considerable amusement, but went down on a vote of 16 ayes and 15 nays. Notice of reconsideration was

given by Curtin.

A communication from the senate requested the speaker to sign S. B. 57, providing for the survey of county boundary lines. The speaker then read his reply, in which he explained that the bill had been passed, but had later heen reconsidered and rejected by the house, although the bill, with the notice of its first passage, had been sent to the senate by mistake. The house, on motion of Miller, directed that the speaker's letter, with the bill, be returned to the senate.

#### THREE NEW BILLS.

consent three bills were introduced during the session, their authors being Luther, McCrea and Kinney. Luther's bill is No. 228, and provides that unclaimed bodies of persons who charitable institutions, may turned over to the professor of anatomy in the state University for the instruc-tion of students and the advancement Referred to committee on

M'CREA'S FRANCHISE MEASURE. H. B. 229, by McCrea, provides for

the submission to electors of proposi-tions for the granting of municipal franchises. The bill reads:
"Be it enacted by the Legislature of the State of Utah:

"Section 1. No municipal franchise to encumber or occupy the streets of any town or city of the State of Utah shall he granted to any corporation or person or association of persons, nor shall the life of any existing franchise be extendunless the proposition to grant or extend the life of such franchise shall have first been submitted to the vote of the qualified electors of such city or town, and the majority of said qualified electors shall have voted in favor thereof. Such election shall be conducted in the manner provided by law for submitting propositions to elec-tors in municipalities and the applicant for such franchise, or the extension thereof, shall defray the expense of such election, and as security for such payelection, and as security for such pay-ment shall deposit with the mayor of such city or town a good and sufficient bond in such sum as the city council

### My Offer to Kidney Sufferers

I will give you a full dollars worth of my remedy free to try without cost or deposit or promise to pay.

posit or promise to pay.

I could not make this offer—a full dollar's worth free—if mine were an ordinary kidney remedy. It is not. It treats not the kidneys themselves, but the nervos that control them. The cause of kidney trouble lies ALWAYS in these nerves. That only way to cure kidney trouble is by strengthening and vitalizing and restoring these kidney nerves. That is exactly what my remedy—Dr. Shoop's Restorative—does. Therefore I can make this offer with the certain knowledge that every kidney sufferer who makes this trial will be helped.

When I say "nerves." I do not mean the ordinary nerves of feeling, thought, action I mean the automatic nerves, which night and day, unguided and unseen, control and actuate and operate every vital process of life. These are the master nerves. The kidneys are their slaves. Your mind cannot control them. Your will cannot sway them. Yet when they are not, you weaken and die.

I have written a book on the Kidneys which will be sent when you write. This book explains fully and clearly how these tiny, tender "inside" nerves control not only the kidneys but each of the other wital organs.

I have made my offer that strangers to my remedy ment of the surpress of the control my remedy ment of the my remedy ment of the surpress of the control not only the kidneys but each of the other wire of the control not my remedy ment of the control not my remedy ment of the control not only the kidneys but each of the other wire of the control not only the kidneys but each of the other wire of the control not only the my remedy ment the series and the control not only the my remedy ment of the control not only the my remedy ment the series and the control not only the my remedy ment of the control not only the my remedy ment of the control not only the my remedy ment of the control not only the my remedy ment of the control not the manufacture.

I have made my offer that strangers to my remedy may know. It is not intended for or open to those who have used my remedy. They need no further evidence. But to those who have not heard, or hearing, may have delayed or doubted. I say "simply write and ask." I will send you an order for which your druggist will hand you a full dollar bottle—and he will send the bill to me. There are no conditions—no requirements—simply write me today.

"Sec. 2. This act shall take effect on approval."
The bill was referred to the commit-tee on municipal corporations.

tee on municipal corporations.

H. B. 230, by Kinney, requires complaints in justice's courts to be verified. Committee on judiciary.

COMMITTEE REPORTS.

The committe on judiciary recommended the passage of the following:
H. B. 189, by Marks, relating to pawn brokers and second-hand dealers; H. B. 198, by Merrill, relating to jury trial;
H. B. 208, by Thompson, relating to limitations other than real property;
H. B. 202, by Kinney, relating to the practise of courts in personal injury cases.

REFERENDUM KILLED. The committee on judiciary recommended the non-passage of the following: H. B. 153, by Joseph, providing for supreme court decisions within six months from date of hearing; H. B. 169, by Miller, providing for the initiative and referendum; H. B. 141, by Marks, relating to costs in disbarment proceedings; H. B. 130, by Hopes, relating to notice of sale of personal property.

property.

The committee on ways and means recommended the passage of S. B. 42, by Hollingsworth, creating a commis-sion for a display at Lewis & Clark exposition.

PRISON-MADE GOODS.

The committee on judiciary reported favorably on the constitutionality of H. B. 148, by Cromar, requiring prisonmade goods offered for sale to be plainly marked, with a recommendation that it be re-referred to the committee on manufacture and commerce for favorable action

SIGNED BY GOVERNOR. Out of 360 bills introduced in the Leg. Islature, 29 have been signed by Gov. Cutler and will become laws in 60 days. Those approved are as follows: S. B. No. 1, appropriating \$5,000 for the contingent expenses of the Legisla-

ture,
S. B. No. 13, providing for the testing of methods of irrigation and reclamation of alkali land.
S. B. No. 16, authorizing county recorders to take acknowledgements.
S. B. No. 17, requiring a bond from the secretary of state.
S. B. No. 30, limiting the time for giving notice of claims for damages for personal injury against cities and towns.

S. B. No. 33, defining the duties of

S. B. No. 105, by Hollingsworth, relating to the pay of assistants who aid

in getting out tax rolls.

S. B. No. 98, by Walton, relating to sanitation of school buildings.

S. B. No. 96, by Walton, providing for courses of instruction in public schools in sanitation and prevention of disease.

#### UNIVESITY S. S.

Interesting and Instructive Lectures by Dr. Talmage and Prof. Mills.

The University Sunday school convened yesterday at 12:30 p. m. and lectures were given as usual by Dr. Talmage and Prof. Mills in the respective classes. As a part of the general exerclses, Mrs. Nellie Druce Pugsley sang

a solo, "O Dry Those Tears." The special topic of the day's lecture in the course on Jesus the Christ "The Voice in the Wilderness." Dr. Talmage first considered the predictions of record regarding a fore-runner of Messiah—the messenger sent before His face. The burden of the Baptists' preaching was "Prepare ye the way of the Lord." His doctrine at-tracted great attention for he pro-claimed himbself the herald of that for which all Israel anxiously waited—the coming of the Messiah. He taught the repentance and baptism, and thousands flocked about him in the wilderness. The desert was his synagogue, the natural stream his baptismal font. He on such food as the desert could supply on such food as the desert could supply, locusts and wild honey, and in place of the priestly robes which indeed he

#### The Secret of Long Life and How to Overcome Waste.

To "Know thytelf," is to take advantage of life's secrets and equip one's self with an armor which will successfully resist the attack of disease in the battle of life. The old idea of fate or "kismet," and that a person always dies when his time comes, is now

that a person always dies when his time comes, is now exploded. Every mechanism, whether made by God or man, has a definite amount of wear and its life can be lengthened according to the care that is given it. If accident or carelessness destroys the works of the watch or the human mechanism an end comes to its usefulness, but it has not actually "worn out." Man's system at times gets rusty like the wheels of the watch and only needs a little cleaning and oiling to put it in shape for life's battles.

An imitation of nature's method of restoring waste of tissue and impoverishment of the blood and nervous force is used when you take an alterative extract of herbs and roots, without the use of alcohol, like Dr. Pierce's Golden Medical Discovery. This vegetable medicine coaxes the digestive functions and helps in the assimilation of food, or rather enables the organs to take from the food just the nutriment the blood requires.

Prof. J. E. Tauguay, of St. Peter Street, Quebec, writes; "I had been ill for some time with La

nutriment the blood requires.

Prof. J. E. Tauguay, of 61 St. Peter Street, Quebec, writes: "I had been ill for some time with La Grippe and did not regain my strength. Within a week after using Dr. Pierce's Golden Medical Discovery, I was able to be around again, and I found that my system was entirely free from any of the bad effects of La Grippe. I now keep a bottle of the 'Golden Medical Discovery' on hand, and, when I catch cold, take a few doses, which keeps me in perfect health. As a builder up of lost strength and vitality I do not believe your 'Discovery' has an equal."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as

Discovery." There is nothing "just as good" for diseases of the stomach.
Dr. Pierce's Pleasant Pellets, the best laxative for old people. They cure constipation and biliousness. led a life of simplicity and denial, living

was entitled to wear, he wove a rough garment of camel's hair cloth held in place by a leather girdle. His man-ner was as unadorned as his person; he reproved, rebuked, denounced.

Unto him came Jesus, asking baptism and though the Bobtist resitated if indeed he did, he did not demur; but finally administered the ordinance in the interest of the fulfillment of righteousness. As the baptized Redeemer rose from the water the Holy Grost was manifested and the sign of the dove appeared already made known to John as the sign by which he would know the Messiah. Then was heard the voice of the Father acknowledging the Son. Immediately following His baptism Jesus repaired to the wilder-ness, whither he was led by the Spirit according to some scriptures, driven by the Spirit according to other writings; and for 40 days was in retirement from men and in communion with His God. After the temptations, Jesus entered

upon the active labors of His ministry.

Prof. John M. Mills lectured on the subject, "Mormon and his son Moronl—the last of the Nephites." He reviewed the conditions existing at the time of birth of Mormon in the year 310 D. The two peoples were having A. D. The two peoples were having great difficulty in all their dealings, and the Church suffered great hardships. Ammaron, the holder of the sacred plates, not knowing any one who could be trusted with these records, hid them in the hill Shim. Later he told Mormon, who was 10 years old, where the plates were and asked him where the plates were, and asked him to go and get them when he should arrive at the age of 24. The next year his father took him southward, where at the age of 15 years he became chief captain of the Nephite army. In this captain of the Nephite army. In this position he showed great strength of character, but his soldiers were immorbut yielded to their pleadings and once more led them to battle. They were driven by the Lamanites through 'the 'narraw neck of land," by Angola, Teacum, Desolation, Boaz, David Jashow, Shem, Joshua and Antum. In the last place was located the hill Shim. Mormon took out the plates, and between battles he abridged them on plates made with his own hands and plates made with his own hands and called this new record the "Book of Mormon." Before finishing it, however, he gave it to his son Moroni, who had been, and was at that time, a valient general in the army, and asked him to tell the story of the downfall of the Nephites. Mormon did not expect to come from the battle of Cumorah alive. He was about 75 years old, and a life time in the battlefield had made alive. He was about 75 years old, and a life time in the battlefield had made his body weak. His son carried on his work after his death, and when his work was finished, hid up the rechis work wes inished, hid up the rec-ords in Cumorah where they were found by Joseph Smith. The speaker referred to some Indian traditions. Next Sunday Prof. Mills will discuss "The period between the close of the Book of Mormon and the conquest of Mexico."

The Best Cough Syrup.

S. L. Apple, ex-Probate Judge, Ottawa Co., Kansas, writes: "This is to say that I have used Ballard's Horeheund Syrup for years, and that I do not hesitate to recommend it as the best cough syrup I have ever used." 25c, 50c, \$1.00. Sold by Z. C. M. I. Drug Dept.

#### MAY BE WANTED.

Man Suspected of Robbery Gathered In By the Police Teday.

This morning Sergeant Hempel arrested a man named George Wilson on the charge of vagrancy, but it is believed that it can be shown that the fellow has been mixed up in a recent robbery case. On Saturday, Judge Diehl gave Wilson until 2 p. m. yester-day to leave town, and promised him 90 days on the rock pile if he did not leave. Wilson will remain with the city for a few days at least.

To the Point. If other Teas are as Good or Better than Tree Tea should they not lead instead? But other Teas don't. Tree Tea leads them all.

# ARE INSPECTING SALT LAKE ROUTE

Messrs, Cornish, Bancroft and Party of Harriman Officials Are Heading This Way

TO ARRIVE HERE TOMORROW.

Traveling in a Special Train Made Up Of Four Private Cars-Las Vegas Today.

Judge Cornish, E.H.Harriman's right hand man and vice president of a number of lines embraced in the Harriman system of railroads, Vice President system of railroads, Vice President W. H. Bancroft of the Oregon Short Line and the Salt Lake Route, and General Manager Wells are in Las Vegas today and will arrive in Salt Lake tomorrow coming over the new line from Los Angeles. The special train in which they are traveling is made up of four private cars and it is believed that Vice President J. Ross Clark, Chief Engineer Tilton of the Salt Lake Route and Chief Engineer Hood of the Southern Pacific are also in the party.

The party is thoroughly inspecting the new line and undoubtedly upon their arrival here the officials will have some definite information as to the time of the opening of the new road. Judge Cornish will spend a few days in Utah inspecting the Oregon Short Line and looking into matters needing attention before returning east.

#### WELCOME CHANGE.

Tourist Sleepers from Salt Lake to Portland and San Francisco.

Today the first tourist sleeper via the

Today the first tourist sleeper via the Rio Grande through from Denver to Portland, Ore., passed through Salt Lake on No. 5 this morning. This service has been put on daily until May 15 and will be appreciated by the traveling public who heretofore had to wait until reaching Pocatello before it was possible to secure a tourist berth.

In addition the passenger department of the Rio Grande announces a daily tourist car service through from Denver to San Francisco on trains Nos. 3 and 4. This makes a double daily tourist car service over the Rio Grande between Denver and San Francisco in addition to one between Denver and Portland.

#### NEW FREIGHT RATES. Action Taken at Last on the Commer-

cial Club Petition.

After close upon three years of en deavor the new rate sheet securing bet-ter concessions for Salt Lake has been issued and goes into effect a week from issued and goes into elect a week right today. The fight which was taken up in earnest months ago by the Commercial club for the benefit of the Utah jobbers in Idaho territory has resulted in the putting in of better rates. While nothing has been done in relation to pig nothing has been done in relation to pig-iron, and the canned goods schedule is not in exactly the shape sought by the Commercial club committee. in the main most of the concessions asked have been granted. The new tariff sheet reduces the rates from 15 to 40 per cent on many articles. Copies of the new schedule are now in the hands of the committee which will meet, possibly this evening, to go over the changes and pass upon the concessions.

carload rates on cotton plece goods and denims, about which there was so much grief a year ago, are not included in the changes, so concessions were made by the Short Line on these shipments last summer. As it is the new rates mostly affect

#### D. & R. G. OFFICIALS HERE.

Messrs. Schlacks, Ridgway, Hughes Yard and Groves on Inspection Trip. Vice President Charles H. Schlacks, General Manager A. C. Ridgway, Gen-eral Traffic Manager A. S. Hughes, central manager A. S. Hughes, Chief Engineer E. J. Yard and Mechan-ical Superintendent Groves of the Rio Grande system are in Salt Lake today going over the local situation, and incl. dentally inspecting the line, mainly for the benefit of Mr. Ridgway, who is making his maiden trip over the sys-

Yesterday the party spent considerable time in Carbon county with the officials of the Utah Fuel company. It is also significant that some time was spent by the party at Green River, where plans for yards were looked over. where plans for yards were looked over. This action is taken to mean that something will be done at an early date in the direction of commencing work on the Salina cut-off and other improvements as outlined in the "News"

Mr. Schlacks, however, states that there is no significance to be attached to their visit at this time—simply a regular routine trip.

#### EXCURSION TO SALTAIR. Grand Ball to be Given at Popular Resort on Friday.

The prevailing spell of warm weather has brought out the dancers with the result that the Saltair line will run an excursion to the beach on Friday even-ing on the occasion of a grand ball to be given by the employes of Keith-O'Brien company. Since the dance floor has been enclosed with window sashes it is possible to dance in the most bolsterous weather with comfort. A dance at Saltair March 10 comes ar breaking all previous records for

#### SPIKE AND RAIL

Traffic Manager T. M. Schumacher of the Oregon Short Line has returned from a trip to the coast.

A circular was received at the local A circular was received at the local general agency this morning, announcing the election of W. B. Biddle as wird vice president of the Rock Island and K. C. & Colorado R. R. in general charge of traffic and the development of industries.

The passenger department of the Southern Pacific has issued a folder on Tonopah and Goldfield that will be of interest to those desiring to visit the interest to those desiring to valuest gold camps of the West. E. W. Gillett, general freight and pas-senger agent of the Salt Lake Route, is in this city, having arrived from Chicago yesterday. He expects to meet General Manager Wells here tomorrow

Gen. Supt. J. H. Young of the Colorado & Southern is in the city from Denver. He expects to take Mrs. Young and his family back with him when he returns this week.

before continuing on his way to the

PRESS CLUB BANQUET.

Third Annual Function of Newspaper Men a Great Success.

Salt Lake has never looked just the same as it did under the hands of the expert satirists, cartoonists, and fun makers of the Press club who fore-

gathered at the Commercial club for their third annual banquet Saturday night. The banquet began late, in or night. The banquet began late, in order to accommodate the workers on Sunday supplements, and ended early—from the view point of the sleeper by night. In point of attendance, decorations, and fun for those present, it surpassed previous efforts, and the jinks, although they were pointed and filed to a keen edge, were not of the sort to give offense, despite the fact that some of the hardest hit were present when the "package" addressed to them arrived.

present when the "package" addressed to them arrived.

The decorations consisted of telegraph fluffles, matrices, head-lines, and portions of front pages from all of the city and many state papers. The guests were sufficient in number to completely fill the rooms of the Commercial club, and included besides most of the active newspaper men, many state officials, members of the Legislature, and prominent citizens.

Judge O. W. Powers officiated as toast master, and started the fun making by reading a large number of tele-

toast master, and started the full making by reading a large number of telegrams from absent guests, explaining why they could not be there. "The Tabloid," increased this year to eight pages, was distributed at each place, and gave the guests something to laugh over while the dinner was being served. Later in the evening a trip around the city in the "Seeing Sait Lake" car was made with the assist-ance of a stereopticon, and wherever

the car stopped it made a hit.

Other features of the program were an "Inaugural Address" by Gov. Cutler, a session of the Smoot investigation committee, a minstrel show, paredies on popular songs, and the singing of the "Holy City" by a pupil of the man who made the song unpopular.

#### WARD ENTERTAINMENTS

Fifth Ward—A high class minstrel performance will be given in the Fifth ward assembly rooms on Thursday and Friday nights, March 9 and 10, under the auspices of the Sunday school. The circle is made up of the following: Bones, Archie Buchanan; tambo, Thomas Brimley; endmen, James Bywater and Thomas Burt; interlocutor, George E. Burbidge; makers of melody, Ed Rich, Peter Burt, Harry Hill, Alex Buchanan, Jr., Fred Mugleston, L. H. Bywater and John A. Burt. In addition there will be a stump speech by Orson May; a quartet by Messrs. Scofleld, Reese, Evans and Burt; an Ethiopian sketch, entitled, "A Red Hot Massage," by Buchanan and Bywater, and a fancy costume drill by 16 little girls, under the direction of Miss Julia Littley.

A household necessity—Dr. Thomas' Eclectric Oil. Heals burns, cuts, wounds of any sort; cures sore throat, croup, catarrh, asthma; never fails.

#### STREET CAR BANDITS.

Young Men Accused of Crime Plead "Not Guilty" in District Court.

Will Gentry, alias John Goursey, and Chester A. Bouton, the alleged street car bandits who held up a street car near the Salt Palace on the night of Feb. 22, 1905, and relieved Conductor R. G. Smith of \$7, were brought before Judge Armstrong today and entered pleas of not gullty to the charge of robbery.

The attorneys for the men were not present but the sister of Bouton was in court and agreed with Dist. Atty. Loofbourow that they could enter a plea at this time with the understanding that it could be withdrawn should they see fit to do so later on.

# We Will Buy

A 50c Bottle of Liquozone and Give it to You to Try.

We want you to know about Liquozone, and the product itself can tell you more than we. So we ask you to let us buy you a bottle-a full-size bottleto try. Let it prove that it does what medicine cannot do. See what a tonic it is. Learn that it does kill germs. Then you will use it always, as we do,

and as millions of others do. This offer itself should convince you that Liquozone does as we claim. We would certainly not buy a bottle and give it to you if there was any doubt of results. You want those results; you want to be well and to keep well. And you can't do that—nobody can—without Liquozone.

#### We Paid \$100,000

For the American rights to Liquozone. We did this after testing the product for two years, through physicians and hospitals, after proving, in thousands of different cases, that thousands of different cases, that Liquozone destroys the cause of any

germ disease.

Liquozone has, for more than 20 years, been the constant subject of scientific and chemical research. It is scientific and chemical research. scientific and chemical research. It is not made by compounding drugs, nor with alcohol. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. The result is a Liquid that does what oxygen does. It is a perve food and blood food—the a Liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you. Its effects are exhibarating, vitalizing,

purifying. Yet it is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot kill. The reason is that transmissing are vegetables. that germs are vegetables; Liquozone—like an excess of oxygen— is deadly to vegetable matter. There lies the great value of Liquo-

zone. It is the only way known to kill germs in the body without killing the tissue, too. Any drug that kills germs is a poison, and it cannot be taken in-ternally. Every physician knows that medicine is almost helpless in any germ disease.

#### Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

Asthma Abscess—Anaemia Bronchitis Blood Poison Kidney Diseases La Grippo Leucorrhea Leucorrhea Liver Troubles Malaria—Neuralgia Catarrh—Cancer Catarrh—Cancer Dysentery—Diarrhea Skin Diseases
Dandruff—Dropsy Stomach Troubles
Decema—Erysipelas Tuberculosis
Fevers—Gall Stones
Outre—Gout

ay Fever—Influe All diseases that begin with fever-all inflammmation-all catarrh-all contagious diseases-all the results of impure or poisoned blood. In nervous debility Liquozone acts as a vitalizer, accomplishing what no drugs can do.

#### 50c. Bottle Free.

If you need Liquozone, and have never tried it, please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and we will pay the druggist ourselves for it. This is our free gift, made to convince you; to show you what Liquozone is, and what it can do. In justice to yourself, please, accept it today, for it places you under no obligation whatever.

Liquozone costs 50c and \$1.

Liquozone costs 50c and \$1. CUT OUT THIS COUPON for this offer may not appear again, Fill out the blanks and mall it to 458-464 Wabnsh Ave., Chicago. My disease is ..... I have never tried Liquozone, but if you will supply me a 50c bottle free I will take it.
